Rev. David's Quote of the Week

This week I invite you to revisit these words of poet Ellen Bass (b. 1947):

"What if you felt the invisible tug between you and everything?... It's a hard time to be human. We know too much and too little. Does the breeze need us? The cliffs? The gulls? If you've managed to do one good thing, the ocean doesn't care. But when Newton's apple fell toward the earth, the earth, ever so slightly, fell toward the apple as well."

This week's service explores the ways our senses connect us with the Universe. Our Seventh Principle professes that all of existence is an interconnected web. Do you have intentional ways that help you to feel that deep connection to everything that is?

Looking Ahead...

**Returning to the Meetinghouse!**  
Sunday, July 11th

We're looking forward to a return to in-person services on Sunday, July 11th! That Sunday, we'll have outdoor activities for our children, and we will encourage **all who are not vaccinated, as well as any who feel more comfortable doing so**, to continue to wear masks for your own safety and the wellbeing of others, especially our children and more vulnerable members, friends, and visitors. We'll have outdoor fellowship time after the service to celebrate our chance to be together in person again.
