

**This Week's Service**

**Sunday, July 24<sup>th</sup> at 10:30 am**  
*In-Person and streamed live from the sanctuary via Zoom*

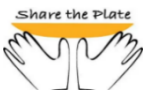

Join Bryan Jones, Worship Associate Gwen Taylor, and Musicians Nancy Byrne and Sherrie Lemnios for this week's service "First World Problems"

Many of the problems that citizens of the Western world face would seem trivial to most of the world's population. On the other hand, many of the problems we face are very real. How do we sort through these conflicts? Where does our compassion come to rest?

**Poem of the Week (from UUA Magazine)**

LIVING  
*Poem by Charles Thomas*

We are living in a universe  
possibly part  
of a multiverse.

We are living in the Milky Way  
a part  
of the Local Group of galaxies  
a part  
of a supercluster of galaxies.

We are living in a solar system  
in a spiral arm  
of the Milky Way.

We are living on a planet  
powered by  
the sun.

We are living on a planet  
called Earth  
with rocks and trees  
and birds and leaves  
and oceans  
and mountains  
and lakes  
and everything beautiful  
and everything good  
to care for  
as they care for us.

We are living today  
with time to do good  
for ourselves  
and for each other.
